LenelS2 - Multi-Cloud Monitoring Dashboard Enhance

09/12/24 – 09/19/24

Progress	Risks
- Created a shared Google Drive, and created a Roles and Norms sheet (Phil, Laxmi, Dylan, Ethan, and Connor) - Completed the NDAs and submitted it through the Senior Project website (Phil, Laxmi, Dylan, Ethan, and Connor)	Not yet having access to the repo/details of the project yet so having to use guesswork for roles and expectations.
Plans	**Needs**
- Have a social event - Complete weekly deliverables - Complete onboarding before next meeting	N/A

Agenda for next meeting:

- Onboarding for project software and materials

- Access to knowledge base from previous projects

- Deep dive into requirements and expectations
